

WORLD HEART DAY – FREE CHECKUP

World Heart Day is celebrated throughout the world on September 29. Heart is a crucial organ in the human body. To motivate people to take care of their health and heart, and to commemorate the World Heart Day free Heart checkup is provided to all the faculty members, staff and the family of the faculty members of the SRM University. The Department of Cardiology, SRM College of Medicine and Health Sciences has arranged for the free heart checkup. The SRM family can avail this facility which includes free Electrocardiogram (ECG), Echocardiogram and blood test from September 12, 2011 to September 22, 2011 between 9AM and 1PM at the SRM General Hospital.
